Identification, Evaluation and Selection Process

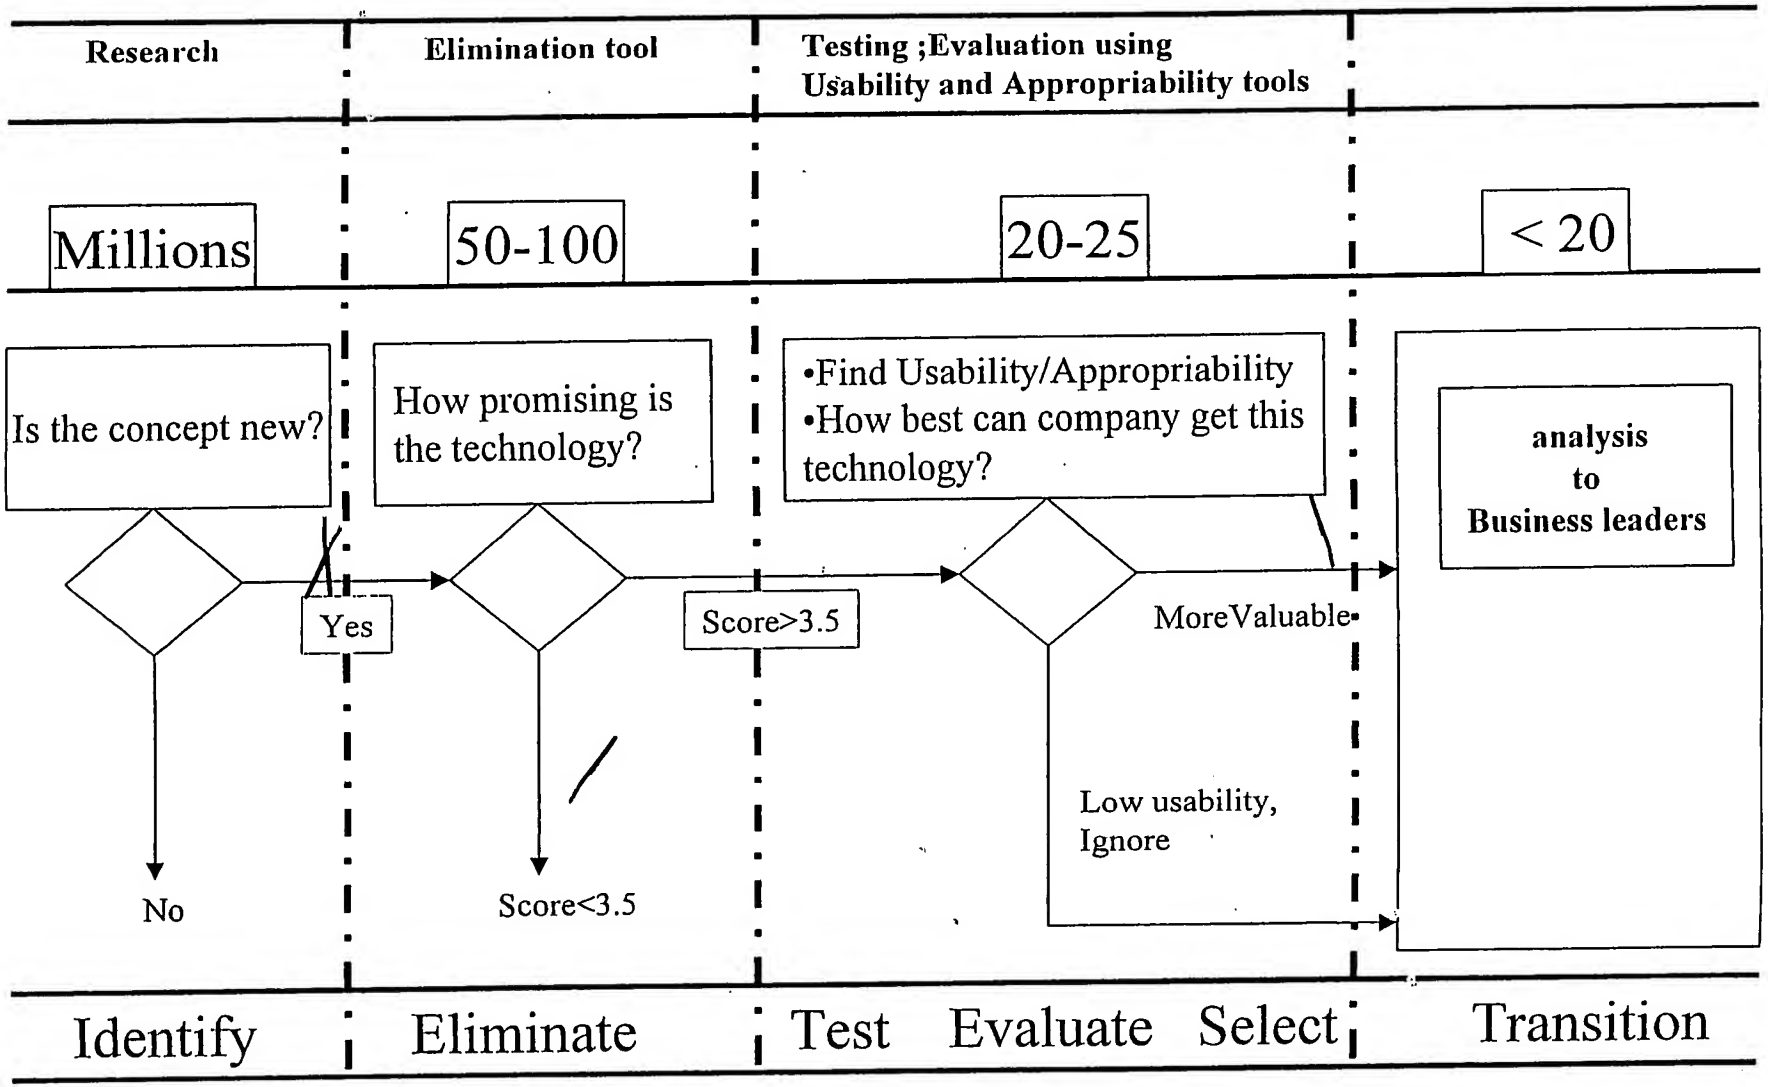

Fig. 2

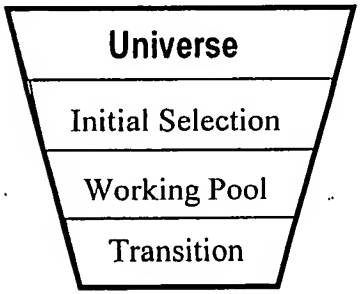

Identification

Process Overview

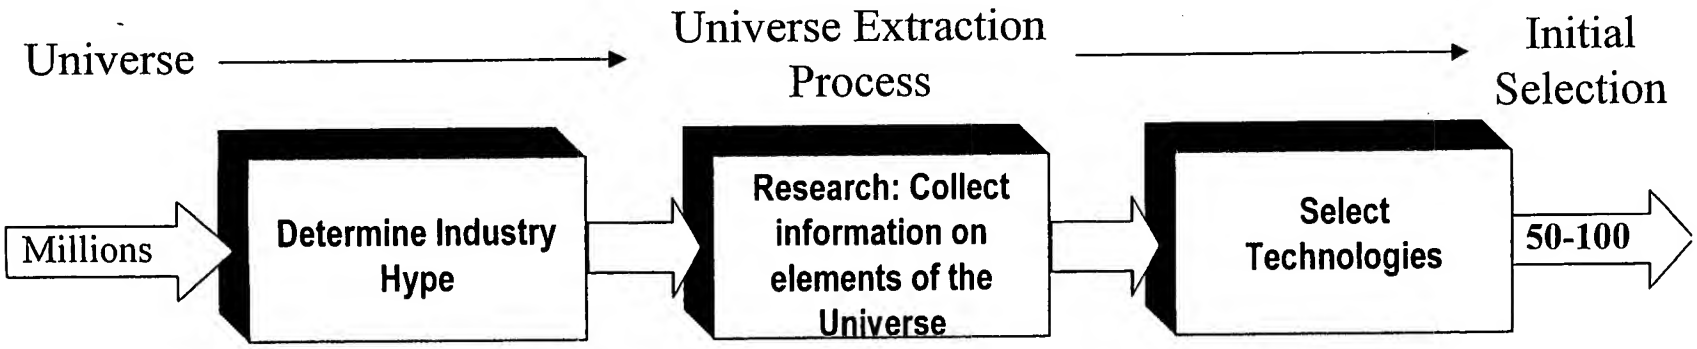

Fig. 3

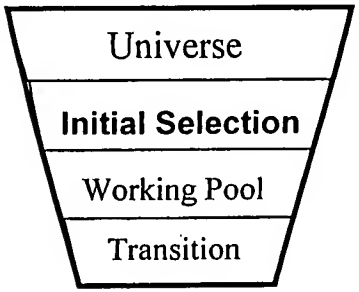

Fig. 4

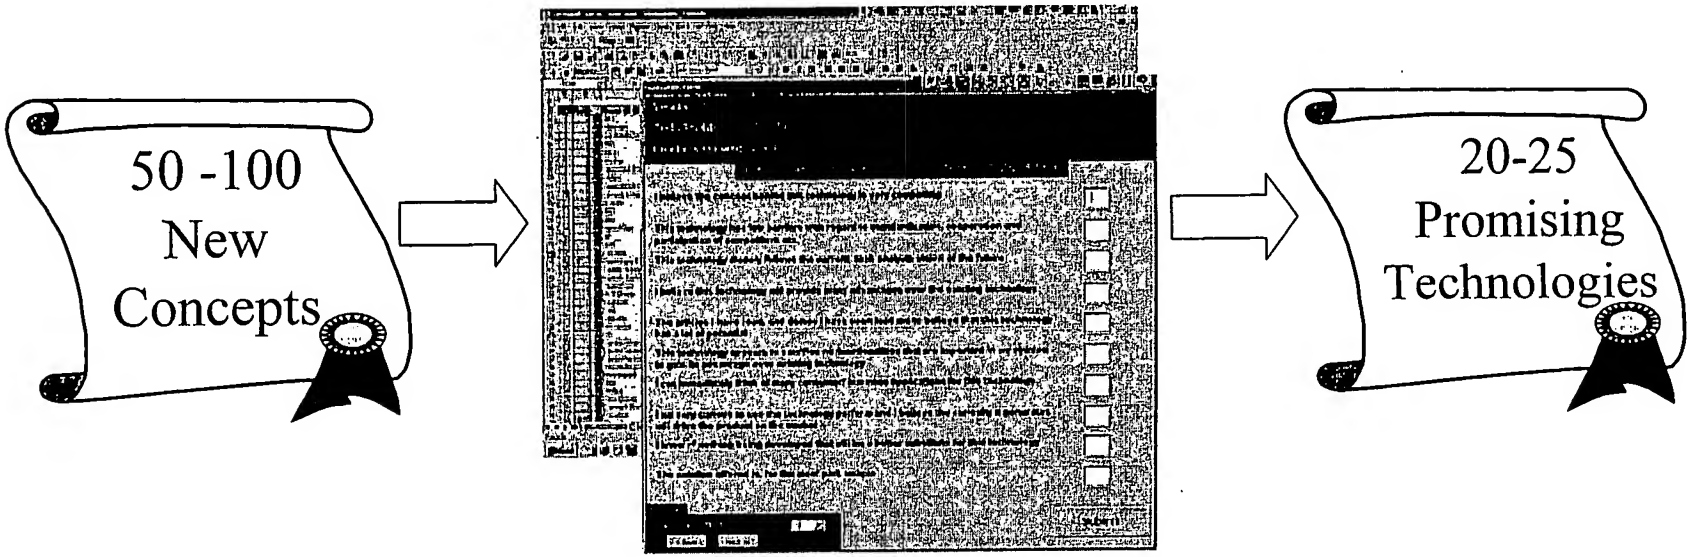
Selection Elimination

Process Overview

Initial Selection → Selection Elimination Tool → Working Pool



Result:

A list of technologies which are found to be the most promising of the Initial Selection

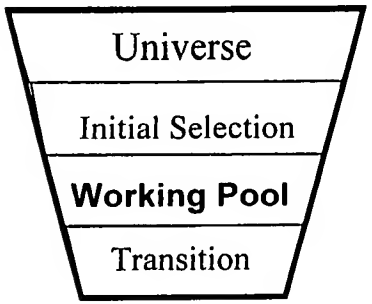


Fig. 5

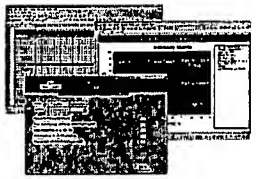
Testing and Evaluation



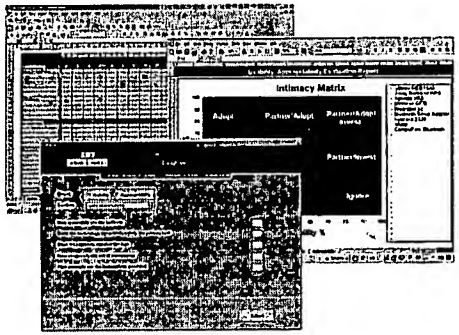
Evaluate

The Usability Appropriability Evaluation Tool

Inputs

- Working Pool
- SE Tool Statistics
- Knowledge of Vendor/ Product

UA Tool



Outputs

- Intimacy Matrix Plotting
- Transition Recommendation
- UA Reports
